

What makes our shakes **better** than other protein shakes?

PURE VITALITY NUTRITIONAL SHAKES

HIGHEST QUALITY INGREDIENTS

Our formula is shown to provide a perfect blend of protein, digestive enzymes, vitamins, minerals, and probiotics!

By utilizing a high-quality, all natural, whey protein isolate from grass-fed cows, and ultra-low impact carbohydrates, Pure Vitality Shakes are shown to help control the appetite as well as muscle tone.

Virtually all farmers that raise grass-fed cattle can ensure the grass is completely pesticide and chemical-free. Which means, the cows are shown to be healthier and offer **100% organic** whey protein to us!

WHEY PROTEIN ISOLATE VS WHEY PROTEIN

Whey protein isolate undergoes processing methods that result in a high concentration of protein and lower amounts of fat, carbs, and lactose.

Pure Vitality Protein also contains specific life enhancing probiotics and digestive enzymes that are shown to help the body breakdown and utilize key macronutrients as well as improve digestive health, which plays an important role in building a strong immune system **AND** managing a healthy body weight!
